Weekly Team Log - WEEK 4

Week of May 19 to May 25

1. KT manually went through the addresses, flagged problematic entries, sent discrepancies to Marian.
2. Sofia finished the QGIS visualizations, all data which were required have been integrated into the map! Bruno gave help on optimizing the QGIS.
3. Research about statistical methods which could be useful for this week. Mostly reading up from previous courses 572 nad 573.
